

Harrison County Community Foundation

2009 Annual Report

Excellence in Education

Reflections through the Halls

Dear Friends of Harrison County,

We are proud to present this annual summary report of our activities in 2009. Throughout this document, you will see how the assets entrusted to us are being used to support the many causes important to us all.

During a time when our community and the entire world faced the uncertainty of the worst economic period in decades, the Harrison County Community Foundation remained committed to our goals. The Foundation awarded over \$1,800,000 in grants to our non-profit partners and provided over \$600,000 in scholarships to Harrison County residents.

We continued funding for our special programs in 2009. The Dictionary Project provided a new dictionary to over 500 third-graders throughout Harrison County this year. Dolly Parton's Imagination Library continues to provide books to over 1,700 registered pre-school children each month. Our 21st Century Scholars incentive project resulted in tripling the number of enrolled students.

There were 426 donors who contributed into endowments and nine new funds were created by friends who chose to give back to their community. We are always grateful for the opportunity to assist citizens who have created or support funds held by the community foundation. We hope you will be inspired as you read about these generous community benefactors.

We bid farewell to past board members Denise Harbeson, Bette Harper, and Doug York at the end of the year. Thank you so much for serving Harrison County at our side. We welcome to the board Chad Coffman, Don Dones, and Lisa Fisher. We look forward to utilizing their skills and knowledge to help with the many decisions ahead.

To everyone who supports our work with your time, talent, or treasure, we thank you.

Sincerely,

Paul D. Beckort

President

Steven A. Hilliland

Executive Director

CF National Standards confirmed in compliance with National Standards for U.S. Community Foundations.

National Standards for U.S. Community Foundations mark an individual and collective commitment that community foundations take their responsibility very seriously. National Standards establish legal, ethical, and effective practices that withstand the scrutiny of donors, government and media. Community Foundations use National Standards to promote self-regulation in a manner viewed positively by the Internal Revenue Service which has increased its scrutiny of charities. These Standards set consistent expectations among community foundation boards and provide a framework for documenting, communicating and providing training and technical assistance to advance best practices. It affirms our commitment to financial security, transparency and accountability.

Harrison County's Joan Schickel and Katie Butt Beckort were honored at the 5th Annual Southern Indiana Women in Philanthropy Regional Celebration held at Horseshoe Southern Indiana in March.

Our conference room is available to Harrison County serving non-profit organizations for regular board meetings, presentations or staff training. The room is equipped with a television, video projector, projection screen, kitchen and other amenities available for your use. The conference room may be utilized during and after normal HCCF business hours, weekends or holidays. For more information, please contact Anna.

Officials from the V.A. Hospital in Louisville provided 148 free flu shots to Veterans in September. Veterans were entered in a drawing for participating and over \$800 worth of prizes were given away. This 1970 Roof Palomino Jeep Lawnmower provided lively discussion at the event.

Achieving Excellence

21st Century Scholars Incentive Program

In 2009, seven Partners joined the Foundation to provide incentives to promote enrollment in the 21st Century Scholars program in Harrison County. They were the Community Foundation of Southern Indiana, First Harrison Bank, Indiana Farm Bureau Insurance of Harrison County, Lucas Oil, Metro United Way, Rotary Club of Corydon, and Wal-Mart.

Income-eligible 6th, 7th and 8th graders who enroll in the program and fulfill a pledge of good citizenship to the state are guaranteed the cost of four

years of undergraduate college tuition at any participating public college or university in Indiana. If the student attends a private institution, the state will award an amount comparable to that of a public institution. If the student attends a participating proprietary school, the state will award a tuition scholarship equal to that of Ivy Tech Community College. The schools participating report one-half of all

Get On Target

For Your Future!

eligible eighth graders are now enrolled; tripling the numbers from last year.

Two hundred and thirty-three 6th, 7th and 8th graders were enrolled. With scholarship support valued at \$24,000 each, that's nearly \$6,000,000 to help with college expenses.

Parents who successfully enrolled their eligible children before October 31 were given a \$25 Wal-Mart gift card. Gift cards

worth \$5,825 were delivered to the schools for redistribution. Awards totaling \$10,000 were also on the table for schools with 8th grade classes. The school awards were based on the percentage of total eligible 8th grade students enrolled. The schools were permitted to use the money for any costs that would "enhance the 8th grade classroom learning experience." School awards for the 8th grade classes were: \$376 to Lanesville and South Central and \$2,150 to North Harrison and Corydon Central.

The Dolly Parton Imagination Library has increased the delivery of books to Harrison County homes each month since the program began in November 2007. Books started arriving in mailboxes January 2008. If your child is under five, and lives in Harrison County, make sure they are registered to receive free books monthly. To find out more about this wonderful program, contact the HCCF office or visit www.imaginationlibrary.com.

New Middletown third grader Jordan Branham checks out her new dictionary given by the Harrison County Community Foundation and the Community Foundation of Southern Indiana. Alexis wrote this note, "Thank you for giving me my first dictionary. I use my dictionary every day. I learned some new words by reading the book. Now I am teaching my baby brother how to say the words." Devon wrote, "Thank you for the dictionary. It is interesting. I looked up 52 words. I like my dictionary a lot."

The Harrison County Community Foundation was one of six Indiana community foundations to receive an Access to Recreation Grant. Over \$1,000,000 was invested in four county-owned parks and O'Bannon Woods State Park to provide universally accessible features. We invite everyone to visit our parks and experience these new additions. More information is available at www.accesstorecreation.org.

Furthering Education

Reaching for the Stars

HCCF continues to provide scholarships to Harrison County graduating high school seniors and some adults to help further their education. In 2009 over 200 various scholarships were awarded. HCCF Founders Scholarships are awarded at no less than \$1,000.00 and 10 percent of each school's total amount must be distributed to students entering a certified vocational training program. The Building Our Future Scholarships provide ten \$20,000 scholarships; \$5,000 renewable upon meeting criteria, for four years. Amounts awarded at each high school are based on reported number of seniors expected to graduate in May. Many scholarships are also awarded from the many restricted scholarship endowment funds created by members of the community. The Foundation now holds over 60 of these scholarship funds and more than 70 scholarships were awarded from these funds last year.

For more details about the Harrison County Community Foundation's many scholarship funds visit our web site, www.hccfindiana.org.

Joan Schickel presents a 2009 Peter J. and Joan T. Schickel Scholarship to Collin Pursell at the Lanesville High School Awards Ceremony in May. Pete and Joan Schickel established their scholarship fund at the HCCF in 2005.

Dylan Faith presents the Matthew D. Faith Memorial Scholarship in honor of his father to Adrienne Bushau at the Corydon Central High School Awards Ceremony.

"I wanted to take this time to thank you for the renewable scholarship. This will help me so much as I travel up to Purdue University to study the field of Mechanical Engineering. All of us at Lanesville are deeply grateful for the Foundation's support. With this support my classmates and I will be able to further our education in the field that we choose. Thank you for the Foundation's help and support!"

-- John Kissel, 2009 graduate of Lanesville High School and recipient of the HCCF Building Our Future Scholarship.

The 2009 recipients of the HCCF Building Our Future Scholarship are recognized at the annual Excellence in Education Celebration held at Horseshoe Southern Indiana.

Helping Local Agencies Excel

Grants awarded in 2009 totaled \$1,845,936.69

Additionally, the Harrison County Community Foundation Supporting Organization provided a grant of \$9,000,000 to the Harrison County Commissioners to support the renovation of the old Harrison County Hospital.

North Harrison Middle School 6th grade student Cody Bennett uses a handheld response pad to instantly answer exam questions given to him. Answers are scored quickly giving immediate results to the teacher and students. The students have enjoyed the use of new technology and actually look forward to exams! HCCF continues to provide matching grants for technology in our Harrison County schools.

How to apply for a grant

All not-for-profit agencies providing services to residents of Harrison County, Indiana are eligible to apply. Applicants are required to submit the IRS Letter of Determination indicating their status as a 501(c)3 not-for-profit. Entities eligible to apply, but excluded from the IRS Letter of Determination requirement include schools, religious organizations, some civic organizations and local governmental units.

Spring and Fall Grant Cycles

HCCF typically awards grants twice a year. Applications for the Spring Grant Cycles are accepted after December 1 each year and must be submitted no later than January 15. Applications for the Fall Grant Cycles are accepted after June 1 and must be submitted no later than July 15. Application deadlines will be posted on the HCCF web site, listed in local newspapers and in HCCF monthly e-newsletters.

The Mail Pouch Barn on Highway 62 at the east end of Lanesville has long been associated with the Lanesville Heritage Weekend Festival and is a Harrison County Landmark. Community Foundation grant-making assisted with renovation and preservation of the historical barn in 2009.

Signature Grant Requests

HCCF has no limit on the amount of funding requested. However, requests \$200,000.00 and over are considered Signature Grants. HCCF accepts Signature Grant applications November 1 - December 15 each year. These applications will be reviewed by all members of the Grants Committee. Applicant agencies must submit an original and eighteen copies of their application and all attachments. Decisions for Signature Grants may be announced anytime during the following year. After an initial review of a Signature Grant request, the Grants Committee may require additional information, presentations or site visits.

Special Grants

A vast majority of grant applications should be planned ahead and submitted during our Spring or Fall Grant Cycles, however, the HCCF is aware that some state or federal grants requiring local matching funds are announced on short notice. To support Harrison County serving not-for-profits with local matching funds, we will consider certain grant requests anytime. Request letters must arrive at the HCCF office prior to 4:00 pm on the Monday before the monthly Board of Directors meeting (typically, the first Monday of each month).

The following guidelines apply:

1. Special grants will only be considered if the funding desired is time-sensitive in nature.
2. Priority will be given to special grants that leverage external funding to support a project.
3. A one-page letter or a complete grant application may be required including a complete application to the external grant making entity. Contact the HCCF Executive Director as soon as possible to discuss the project and determine the documentation HCCF will need to make a decision.

Emergency Grants

Emergency grants are awarded to respond to true emergency needs of our community or those that prevent an agency or program from carrying out primary functions or services, such as essential equipment repairs or disaster response services. Emergency grant applicants should call the HCCF office to discuss your need and determine additional information the board may require. Emergency grants are submitted via one-page letter. Request letters must arrive at the HCCF office prior to 4:00 pm on the Monday before the monthly Board of Directors meeting (typically, the first Monday of each month).

The letter should describe:

1. The total amount requested
2. The project requiring this funding
3. Why the project is considered an emergency or cannot wait for the traditional grant cycle.

Grant Application Training and Workshops

HCCF staff will provide training to all eligible not-for-profits serving our community on the proper completion of our grant application. All applicants are strongly encouraged to attend formal training sessions as announced (typically in May and November). In some cases, the staff may be able to provide individualized training at our facility.

Grant Making Process

Properly completed grant applications are recorded, catalogued and separated by category. The Grants Committee Chairperson will assign sub-committees and sub-chairpersons. Each sub-committee will receive a similar number of applications for review and scoring. Individuals score the applications and the sub-committee convenes as a group to determine a final ranking of their group's applications.

Once the sub-committees have concluded their work, the Grants Committee meets as a whole to again review, score and/or rank all applications. The final assessment and evaluation of the Grants Committee is presented to the entire Board of Directors as a motion for approval.

The Board of Directors will make a final determination of the grant applications and formally approve the amount to be awarded to each successful applicant. The Board of Directors' decision is final and will be announced via formal letter to each applicant agency and publicly in local media.

Grant Writing Tips

If you haven't applied to HCCF before, we strongly advise that you attend one of our grant application workshops held approximately two months prior to each grant application deadline. These workshops are recommended for all applicants to ensure you have the latest changes or new tips for a successful application. Contact the HCCF staff for scheduled dates.

We suggest that you complete your application at least a week early to allow the HCCF staff to preview your application. Once the application is submitted, no additions or corrections can be made to the application.

Include ALL documentation. Follow the checklist and instructions explicitly. The cover page should be on the top of all copies submitted. All copies should be identical and in the order requested. Any time a document on the checklist is not submitted with the application provide a written explanation in its place.

Submit only standard size paper (8.5x11) and avoid binding other than binder clips. Keep a copy of your application for future reference. We will not return or copy any materials.

Statistics are helpful to justify your proposal, but statistics specific to Harrison County residents will provide a better argument for funding. How many Harrison County residents have been served in the past or are projected to be served by your proposal if funded? What is the source and relevance of these statistics?

Avoid jargon, abbreviations or acronyms. Ask someone who is not familiar with the project to read and critique your application. Will they be able to understand and clearly explain what your project is, the cost, and the results you hope to achieve?

HCCF Grants continue to assist Blue River Services by providing funding needed to leverage state and federal dollars for housing projects in Harrison County. In 2009, the new Wyandotte House Youth Shelter opened as well as the Country Trace Senior Apartments in Palmyra.

The Community Foundation realized a solid year in its investment returns for 2009. After a volatile year in the investment markets the previous year, we were able to rebound with earnings of over 23%. The Finance Committee is diligent in their efforts to maintain the foundation objective of meeting the long term goals of preserving the real purchasing power of the principal while providing a growing stream of income used to sustain the operations and grant making capacity of the Foundation.

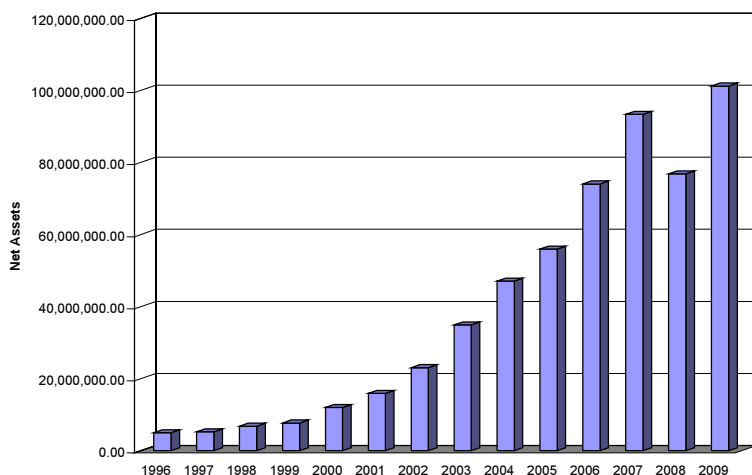

The Committee continually monitors and makes adjustments in our investment allocation as necessary to maximize our return while working with our investment managers from the River Wealth Management Group of Wells Fargo. Our strategy remains steady by making sure the portfolios are well diversified, staying with quality investments and focusing on our long-term goals.

The main objective we strive for is to meet the needs of Harrison County not only in the immediate future but in perpetuity. The foundation sincerely appreciates the support we receive from the community through your trust and contributions that enable us to meet that goal.

Bill Thomas

HCCF Finance Committee Chairman

Policy On Availability of Financial Information

It is the policy of the Harrison County Community Foundation and Harrison County Community Foundation Supporting Organization to follow the rules and regulations of the IRS regarding public availability of our Forms 990 as well as any other required documents.

Public Availability of IRS Forms 990 and Audited Financial Statements:

1. The Forms 990 for the last year as well as audited financial statements are available at our website www.hccfindiana.org. Forms for the last two years are available on guidestar.com or from our office upon request.
2. Public inspection copies of the audited financial statements and Forms 990 are available the same day to anyone who requests them in person at our office.

The Foundation office also can provide a list of financial managers and bodies responsible for investment and oversight upon request. The Foundation does not charge administrative fees on endowed funds held by the Foundation and serving Harrison County (Indiana) purposes. The current investment management fees assessed are 62 basis points. Administrative fees of one percent (1.0%) are charged on all Planned Gift instruments.

Finance and Investment Policies are available for review upon request or at our website www.hccfindiana.org. A complete copy of the most recent HCCF and Supporting Organization Audits and Forms 990 are available by contacting the HCCF staff at 812-738-6668 or vickye@hccfindiana.org.

New Funds for 2009

Larry A. Gettelfinger Memorial Scholarship

The Larry A. Gettelfinger Memorial Scholarship Fund will provide scholarship support to graduating seniors of North Harrison High School. Recipients must pursue a 4-year degree, have a cumulative GPA of at least 3.0 and intend to pursue a degree in Math or Science, including but not limited to the area of Engineering.

Larry Gettelfinger graduated as Salutatorian from North Central High School in Ramsey, served three years in the Army and was stationed in Korea, and earned a bachelor's degree in chemistry from the University of Louisville, a diploma in brewing technology from Siebel Institute of Technology in Chicago and a diploma in brewing technology/science from the Institute of Brewing in London, England. He worked 11 years at Falls City Brewing Company in Louisville, attaining the title of assistant brewmaster, and retired in 2002 after 24 years of service in quality assurance from Miller Brewing Company. He was a member of the Lumen Christi Catholic Church's St. Vincent de Paul Society.

Larry was married for 41 years to Carolyn Gettelfinger. They had 2 children, Karen Papador and Lee Gettelfinger.

Helen & Russell Petty Media Center Fund

The Petty children have created the Helen & Russell Petty Media Center Fund. "We wanted to honor our parents' memory, and

give back to the community Mom & Dad had loved," states Linda Petty. After consulting with Keith Marshall, principal at South Central Jr. & Sr. High School, they gifted the school.

The fund will provide support to the South Central Jr. & Sr. High School Media Center, a school within the South Harrison Community School Corporation of Corydon. Part of the funds purchased a Promethean "smart" board, to be shared by teachers and students; hence the media center was established.

In 1974, Russell and Helen Petty sold their home in New Albany. "They had a dream of buying a home with land in the country. Since their children were grown, they were able to fulfill that dream and moved to Elizabeth, Indiana," shares Linda.

Both Helen and Russell served the people of Harrison County through their Church, community organizations, and political issues. "They especially had a heart for the children," expresses Linda. They were both involved in the Step Ahead Program for underprivileged children.

Russell tirelessly lobbied the state legislature in Indianapolis for more equitable school funding for the underserved districts in Harrison County. He served as Taylor Township Trustee until his death in November 2002. Helen continued to serve the community until entering a nursing home in 2005, and she passed away in August 2008.

Linda goes on to say, "We feel very humbled to be able to give in this small way, and know that two special people are smiling down from Heaven. We love you Mom and Dad!"

Lanesville FFA Chapter Scholarship

The Lanesville FFA Chapter Scholarship was created through the support of the Lanesville Agricultural Advisory Board in order to reward students for their dedication to agriculture and the National FFA Organization. The initial \$2500, matched by the Harrison County Community Foundation, was raised by

the Lanesville FFA members through working at the Lanesville Heritage Weekend, the member auction, spring plant sales, and fruit sales. The Lanesville FFA Chapter, which was chartered in the fall of 2003, strives to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agricultural education.

The Lanesville FFA Chapter Scholarship will be awarded to one (\$500) or two (\$250) students from the school that are a 4-year member of the FFA, have a GPA of at least 3.0, and seeking an agriculture-related degree. This competitive scholarship will be available to qualified students who complete the Lanesville Dollars for Scholars scholarship application. The chapter plans to add additional money to the fund each year.

Lynn & Glenn Thienel Musical Arts Fund

The Lynn and Glenn Thienel Musical Arts Fund will provide musical performances to students at Lanesville Elementary School. Performances must occur at the school during a regular school day and may include instrumental, choral, and/or musical drama.

Glenn Thienel earned a Bachelor's and Master's of Music Education from Eastern Kentucky University in 1969 and 1973. He taught instrumental and general music classes at both New Middletown Elementary School and Heth-Washington Elementary School for 32 years. He also spent six years as a high school band director in Danville, Kentucky and Bardstown, Kentucky and also at Corydon Central High School. Lynn Thienel has an elementary education degree from Indiana University Southeast and currently works with children through the Blue River Services/First Steps program in Corydon. Glenn's mother, June Thienel, was a teacher in Virginia where Glenn grew up.

"I wanted to help and support the students I had worked with for 32 years," said Glenn. "It was always a struggle to find funding for arts programs in the schools and we wanted to help support that in any way we could. I am grateful that Lanesville Community School Corporation was willing to accept our conditions," added Glenn.

New Funds for 2009 (Cont.)

Laconia Lions Club Scholarship

The Laconia Lions Club Scholarship Fund will provide scholarship support to graduating seniors of South Central High School. Boone Township graduates will be given priority, but all graduating South Central seniors are eligible to apply.

The creation of this scholarship fund has been a goal of the Laconia Lions Club since their inception in July 2005. After many successful fundraisers over the years including euchre and horseshoe tournaments, gift basket raffles, the annual oyster dinner served during Celebrate Laconia and most recently, a raffle for an all terrain vehicle, the scholarship fund has become a reality.

"The club members are thankful to the many individuals and businesses for their support. We look forward to awarding the first scholarship to a 2010 South Central graduating senior," said Lions Club President, Gary King.

Sycamore Land Trust Conservation & Environmental Education Fund

The Sycamore Land Trust Conservation and Environmental Education Fund was recently established at the Harrison County Community Foundation. This Fund will help preserve natural land areas and farms through land protection projects, land stewardship activities and environmental education programming in Harrison County, Indiana.

According to Sycamore Land Trust's Executive Director, Christian Freitag, "Harrison County is one of the most beautiful places in Indiana. We're proud to help protect its amazing heritage and character."

Sycamore Land Trust (SLT) is a nonprofit conservation organization working to preserve important natural areas and family farms in southern Indiana, including Harrison County. As of November 2009, SLT has protected a total of 5,550 acres (over eight square miles) in southern Indiana. SLT also provides national award-winning environmental education programming to area schools.

During the 2008-09 school year, the program's fourth year, SLT worked with 3,200 students in seven counties. This science-based program incorporates both in-class and outdoor instruction and is adapted to all grade levels, from pre-school through twelfth grade. By developing an appreciation of Indiana's unique natural heritage among young people, SLT is helping grow the next generation of Hoosier conservationists. This endowment with the Community Foundation could help fund such programming in the future.

Freitag added, "Harrison County is the only county in Indiana with a county-sponsored land protection program, funded in large part by the Harrison County Community Foundation. People know how special Harrison County is. Together we can make a real difference to keep it that way."

St. John's Lutheran Church Projects Fund

The Harrison County Community Foundation announces the establishment of the St. John's Lutheran Church Projects Fund. The purpose of this fund shall be to support projects of the St. John's Lutheran Church with priority given to maintenance, improvements, or repairs of the church property and facilities.

St. John's dates back to 1846 when a group of German Lutherans organized the German Lutheran Christian Church. Two years later they built a very simple, very plain log church and changed their name to St. John's Evangelical Lutheran Church. The congregation affiliated itself with Synod in 1862 and built

the present church in 1870. In 1890, a bell three feet wide at the base and 28 inches high, cast in St. Louis, was added to the belfry. A parsonage was erected in 1896 and in 1903 a wing was added to the church. For over 155 years St. John's has stood a sturdy pillar in the community and is proud to be the "Mother Church" of all the Missouri Synod Lutheran Churches in the Kentuckiana area.

Peter J. & Joan T. Schickel Lanesville Community School Maintenance Fund

Pete and Joan Schickel of Lanesville have recently established a new charitable endowment fund at the Harrison County Community Foundation. The Peter J. and Joan T. Schickel Lanesville Community Maintenance Fund will support the maintenance or enhancement of landscaping on school property with priority given to the hillside along and north of Meadow Lark Lane in Lanesville.

"Pete and Joan Schickel continue to be very dedicated servant leaders of the Lanesville community and Harrison County," said HCCF Executive Director Steve Gilliland. "Schools can certainly use the extra help from caring citizens."

Pete and Joan have been married since 1946 and are active members of St. Mary's Catholic Church in Lanesville. They have five children and 10 grandchildren. All five of their children graduated from Lanesville High School. Pete has been a very active citizen of Harrison County, serving in areas such as Treasurer of the Lanesville Community School Building Corporation since 1951. Joan served as Secretary of

New Funds for 2009 (Cont.)

the Harrison County School Reorganization Committee from July 1963 to 1990. She served on the Lanesville Community School Corporation Board of Trustees for 10 years. Joan Schickel was the 2009 Harrison County Woman Philanthropist of the Year.

Carl & Wilma Ott Family Scholarship

The Carl and Wilma Ott Family Scholarship Fund will provide educational scholarships for graduating high school seniors who reside in Harrison County, and have participated in 4-H programs for a minimum of seven years.

Carl was born and raised north of Georgetown and the former Wilma Kiesler was born and raised near Palmyra. Carl and Wilma married in 1951 and lived on a farm near Georgetown for 50 years. Carl was involved with many community activities. He served as President, as well as Board Member of the Floyd County Farm Bureau, a Soil and Water Conservation Board Member, livestock committee member, and on other committees of Floyd County 4-H. He was also a member of the Knights of Columbus. After taking an early retirement from Sun Oil Company, Carl purchased and operated the Georgetown Mill and Hardware in Georgetown for several years.

"Wilma was a devoted wife, mother, and grandmother," said her daughter, Carol Ott Fulkerson. Carol also added, "Mom loved animals, gardening, canning, making jelly, crocheting, traveling, and doting on her family."

Carl and Wilma moved to Lanesville in 2001 and were members of the St. Mary's Catholic Church in Lanesville.

Carl passed away September 7, 2008 and Wilma on January 5, 2009. Carl and Wilma raised five sons and

one daughter who were all ten year 4-H members. They were graciously blessed with twelve grandchildren and most all of them were and currently are ten year 4-H participants.

The children wanted to create a fund for students who have actively participated in 4-H programs and would like to further their education. "This fund will help to provide that opportunity and serve as a lasting memorial for Mom and Dad," said Carol.

New Fund Establishment

The Foundation offers a variety of funds designed to be responsive to donor needs. Each type of fund can provide differing added value to philanthropy in the community.

Endowed Gift Funds are permanent funds in which the assets are owned by the Foundation and managed according to the charitable purposes designated. Since one of the goals of Endowed Gift Funds is to preserve the principal, only the spendable amount is available for distribution.

With an Endowed Gift Fund donors can:

- Make permanent provisions for favorite charities
- Provide for the community through Field of Interest and Unrestricted Funds to help meet pressing needs
- Help strengthen Foundation operations
- Potentially increase the gift fund over time through professional investment management
- Invest in the community's future and give students a brighter future

Fund Options

Unrestricted Funds – Unrestricted funds are available to the Foundation for any of the charitable purposes encompassed by the Foundation's mission including its operational expenses. These funds are the most flexible type of fund. They are ideal for donors who want to build maximum versatility into their charitable giving and place responsibility for selecting the most appropriate use of the funds to the Foundation staff and Board of Directors.

Field of Interest Funds – Field of Interest funds are limited in their use by the donor's stated preference for a specific area of charitable purpose, without designation of recipient organizations or programs through which such charitable purposes may be

served. The Foundation Grants Committee and Board of Directors recommend which organizations and programs might receive grants from field of interest funds and the amount of timing of such grants. Examples of field of interest funds include but are not limited to:

Animal Protection • Arts & Culture • Environmental • Health & Safety • Historical Preservation • Recreation

Scholarship Funds – Scholarship funds are dedicated to providing grants for educational assistance to individuals seeking post-secondary education. We have over 60 scholarship funds that assist our graduating seniors with their educational goals. Some funds honor family, memorialize loved ones, or celebrate life achievements. Each fund has different eligibility requirements. Some awards are restricted to students graduating from certain high schools, students attending a named college, or those pursuing a specific field of study.

Designated Funds (and Agency Endowments) – Designated funds are earmarked for one or more charitable organizations, and all grants made from such funds will be made to (or for the use of) the designated recipient 501(c)(3) organization to support their work. If the recipient organization ceases to exist or changes its status or mission as a charitable organization, the Foundation's Board of Directors may exercise its variance power, selecting an alternate use for the fund compatible with its original charitable purpose.

Anyone who wishes to make a donation to any Harrison County Community Foundation endowment fund, should contact our office at 812-738-6668, or mail donations to Foundation, P.O. Box 279, Corydon, IN 47112.

Checks should be made out to the Harrison County Community Foundation with the name of the fund in the memo line. Donations may be eligible for a dollar for dollar match, up to \$25,000 per household, per year.

HCCF Charitable Funds

Access to Recreation Fund
Provides support for the creation and maintenance of barrier-free access to recreation environments and opportunities at recreational venues in and throughout Harrison County

Alex Simmons Memorial Scholarship Fund
Provides support for educational scholarships for graduating high school seniors at South Central High School accepted into a certified vocational training program

The Alex Simmons Memorial Scholarship Fund was created in 2006 to honor and remember Kathy & David Simmons' son, Alex. Alex was a freshman at South Central Jr.-Sr. High School when he died in an automobile accident on November 23, 2005 at the age of 16. A cookbook has been published and dedicated to Alex, and Kathy's other son Eric. This cookbook may be purchased for \$10.00 at South Central High School and Wilson's General Store in Elizabeth. All proceeds go to the Alex Simmons Memorial Scholarship Fund.

Alphonse A. and Dolores A. Schmelz Memorial Scholarship Fund
Provides scholarship support to graduates of Lanesville High School who have participated in school athletics

Animal Protection Fund
Provides financial support for the care and welfare of animals in Harrison County including but not limited to the support of organizations established for the sanctuary, care and welfare of domestic animals or wildlife

Arts Fund
Provides financial support for arts interests and resident artists of Harrison County

Bellarmino University Accel Program Scholarship Fund
Provide scholarships to students attending Bellarmine University's Accel Program with priority to Harrison County residents and preference given to a single parent

Bellarmino University-Harrison County Scholarship Fund
Provide scholarships to students attending Bellarmine University. First priority reserved for residents of Harrison County, IN

Bernice T. Richardson Scholarship Fund
Provides scholarship support to Harrison County residents attending Indiana University Southeast majoring in elementary education

Betty R. Goldman Memorial Relay for Life Fund
Provides support to the annual American Cancer Society Harrison County Relay for Life

Blue River Services, Inc. Fund
Provides support to the multiple programs of Blue River Services, Inc.

C. J. Smith Memorial Endowment Fund
Provides support to the New Albany Deanery Catholic Youth Ministries for projects in Harrison County

Canaan Timberlake Electrical Apprenticeship Scholarship Fund
Provides scholarship support to graduates of North Harrison High School pursuing a Journeyman Electrician License, an electrical field of study, or who have participated in school athletics

Carl & Wilma Ott Family Scholarship Fund
Provides support for educational scholarships for Harrison County graduating seniors who have a minimum of 2.8 GPA and have been participating members of 4-H programs a minimum of 7 years.

Carl H. & Mary C. Osbourn Wolford '59 Spalding Education Scholarship Fund
Provides scholarship support to Harrison County residents attending Spalding University undergraduate education programs

Cedar Glade Fund
Provides support to the Corydon Presbyterian Church in delivering assistance to needy, low-income persons of Harrison County and Harrison County youth

Chamber of Commerce of Harrison County Education Fund
Provides scholarship support to Harrison County graduating seniors or vocational training for all residents of Harrison County

Charles L. Shedd Scholarship Fund
Provides support to youth residing in Harrison County diagnosed with dyslexia and/or hyper kinesis and utilizing the services of the Charles L. Shedd Kentucky Association

Charlie L. Phillips Scholarship Fund
Provides scholarship support to graduating seniors of Corydon Central High School who have participated in athletics for at least three years, have good academic performance, have financial need and have participated in community service

Clark Memorial Hospital Foundation Educational Grant Fund
Provides financial support for educational programs and activities

Classical and Fine Arts Fund of Harrison County
Provides support to encourage the creation, appreciation, and availability of classical arts and literature in Harrison County

Clyde E. Marrillia Memorial Scholarship Fund
Provides scholarship support to graduating seniors of Lanesville High School

Comfort House Fund
Provides support for the operations and programs of the Comfort House located in Corydon where services are provided to the community

Community Foundation of Southern Indiana-Harrison County Youth Philanthropy Fund
Provides support to the activities of the Harrison County Youth Philanthropy Council or other youth philanthropy activities in Harrison County

Corydon Capital Preservation Alliance Fund
Provides support to the Corydon Capital Preservation Alliance

Corydon Central Class of '66 Scholarship Fund
Provides support for one-year educational scholarships for graduating high school seniors accepted into and attending a certified vocational training program or an accredited institution of higher education

attending an accredited creative Arts Studies or Industrial Arts program of study supporting pursuits such as glass art, music, sculpture or painting

The Kent Watson Baseball Scholarship was established at HCCF in 2007. This memorial endowment fund provides scholarships to graduating seniors at Corydon Central High School who have participated in high school baseball for at least two years. Here, Rev. Webby Oglesby of Lincoln Hills Christian Church participates in the 1st Annual Kent Watson Softball Clincher Tournament and Fundraiser held in August at the Friends of Harrison County Youth Baseball Fields.

In 2006, HCCF decided to celebrate National Library Week by creating endowed funds to support all of our school libraries. The schools along with many community friends and neighbors joined in that effort by providing a contribution to this project. The endowment funds have provided over \$18,000 to the schools since then to buy books or provide other resources to support the fifteen school libraries.

In 2009, a fundraiser held by the students at South Central Elementary School raised over \$1,400 for their library endowment fund. We congratulate all the students and in particular, Ms. Weaver's fourth grade class for raising the most money.

-Natalie

"Thank you much for the swim lessons. Our whole class appreciates it. We learned a lot of things like the fin, freestyle and how to float on our stomachs and backs. We couldn't have done it without you."

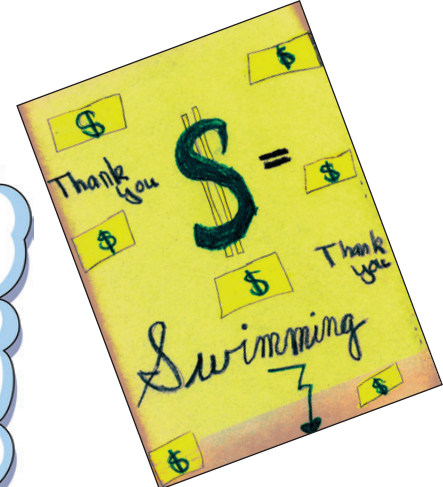

-Sara

-Emily

"Thank you for the dictionary. I really like it and will use it for the rest of my life, that means all the way to college. Thank you for letting us see Dr. Kaboom, he was really cool and he was funny. He had spiky hair!"

-Madison

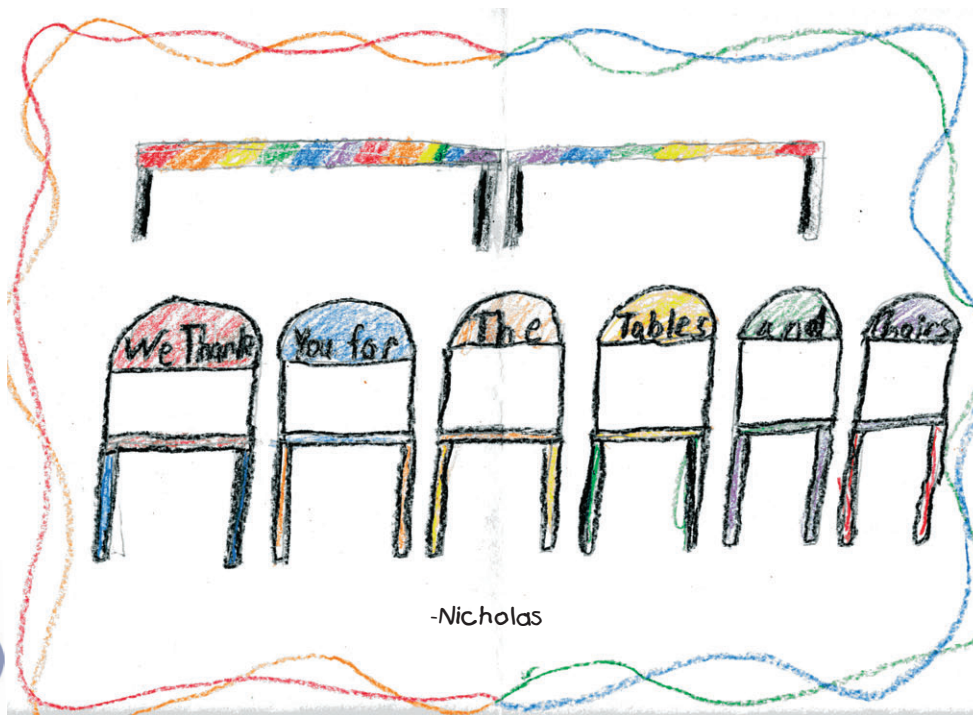

"Thank you for donating money so we could see Dr. Kaboom at the Ogle Center."

-Joelie

"Thank you for the dictionary from your rockin friend, Tegan."

-Nicholas

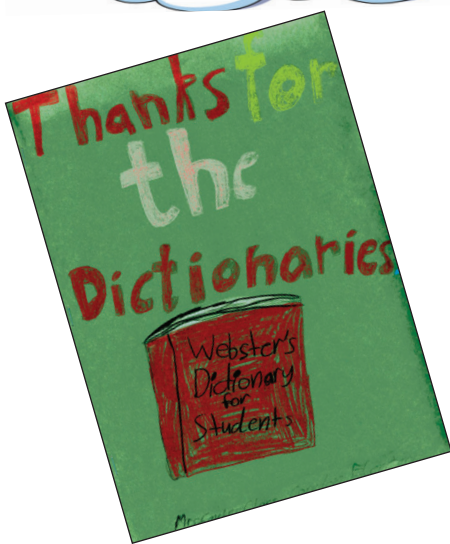

-Gavin

"Thank you for the dictionary. I take the dictionary on trips with me like the dentist or to my friends house so we can find words together."

-Reesa

"Thanks for your donation! Me and my class had a lot of fun at swimming lessons. The last four days was probably the best four days of school of my life."

-Devon

"Thank you for supporting our study trip to JA Biztown. I learned a lot about how it is being an adult. It was a great experience. Also, I learned about taxes and how business works like paying bills and expenses."

-James

-Kristian

"I would like to thank you for providing the money to attend the Ogle Center science presentation of Dr. Kaboom. I thought it was fantastic! The air cannon was genius!"

-Jordan

-Cierra
